

Home Renovation Professionals Note Page

Keep track of the people working on your home.

You're ready to renovate and you're assembling your team. Keep this list handy throughout your project.

An important note: If you're taking out a renovation loan, you cannot DIY as part of the project. Any work you want to do yourself must wait until after the financed work is complete.

There's one more pro you'll need if you are borrowing the funds for your project: an **experienced loan originator** who knows renovations!
